## PREUS STRIKES OUT FOR THE FARMER VOTE

### SITUATION IS A COMPLICATED ONE IN LARGE CITIES

#### GOVERNOR ADDRESSED STATE BANKERS ASSOCIATION IN ST. PAUL

#### HALLAM AND ANDERSON TELL WOMEN THEY FAVOR ENFORCING DRY LAWS

(By United Press)  
St. Paul, June 9.—With the situation complicated in the big cities, Governor Preus struck out today for the farmer vote in the senatorial primary.

His political lieutenants have told him that there are going to be a lot of farmer votes, loose for the republican primary, because the farmer-labor primary campaign is not as intense as the republican fight.

In a speech before the State Bankers Association, the governor urged the bankers to aid the farmers again, as they have been doing in the last two years. He asserted agricultural depression in the Northwest cannot be lasting. He appealed against class consciousness, and urged that farmer, merchant and banker "work together" for the rehabilitation of agriculture.

Judge Oscar Hallam and Congressman Sydney Anderson wound up the week by going on record as "dry" before the Republican Women's Club in Minneapolis. Both asserted that they were for the strictest enforcement of the prohibition laws.

Mayor L. A. Fritzsche of New Ulm, sensing the popularity of Wisconsin's senior senator, Robert M. La Follette, in Minnesota, made a bid for the progressive vote in a speech in which he said that he and La Follette "stood together." Mayor Fritzsche has also made a strong bid for wet support.

Magnus Johnson and Charles A. Lindberg, the other farmer-labor candidates, are out in their territory.

### FRENCH CABINET IS CONCERNED ABOUT U. S. LIQUOR RULING

Paris, June 9.—The French cabinet decided today to renew conversations with the United States seeking relief from the Treasury Department's ship liquor order.

An earnest endeavor should be made to reach accord, the cabinet agreed.

In the meantime, no reprisals against American shipping will be enforced.

### SPRING WHEAT ACREAGE IS LESS

St. Paul, June 9.—The spring wheat acreage of the northwest is 30 per cent less than last year, E. G. Quamme, president of the St. Paul Federal Land bank, declared today.

This statement was made as President Quamme received word to leave for Washington to attend the convention of presidents of twelve federal land banks.

Experts over the entire country, according to Mr. Quamme, estimate that the wheat acreage, as reckoned in the estimate made through machinery of the banks, is 30 per cent less this year than last.

"Prospects for crops in this district, however, are not unfavorable, despite the backyard spring," he added.

### LINDBERGH IN AIRPLANE DROP

Glencoe, Minn., June 9.—C. A. Lindbergh, candidate for the farmer-labor party nomination in the senatorial race, and his son narrowly escaped serious injury in an airplane accident yesterday.

Mr. Lindbergh's son is piloting his father's plane in the campaign this week. While leaving the farm of G. E. Miley near here, the airplane crashed into a high bank. The two were thrown from the plane. Mr. Lindbergh and his son continued their trip to Litchfield by automobile.

### JUNE 1 REPORT ON WHEAT STATUS

(By United Press)  
Washington, June 9.—The condition of all wheat in the U. S. was 79.8 per cent, forecasting a total production of 817,000,000 bushels, according to a department of agriculture estimate based on reports up to June 1.

The condition of winter wheat on June 1 was 76.3 per cent, forecasting a production of 581,000,000 bushels; spring wheat condition 90.2 per cent, forecasting a production of 236,000,000 bushels.

The estimated condition of the production of other products follows:

Oats, condition, 85.6; production 1,460,000,000 bushels.

Barley, condition, 89; production 196,000,000 bushels.

Rye, condition, 81.1; production 72,000,000 bushels.

All hay, condition 84.6; production 99,000,000 tons.

Apples, total crop condition 75; production 187,000,000 bushels.

Peaches, condition 65.7; production 47,000,000.

The yield per acre of all crops was estimated by the department in bushels as follows:

All wheat, 14; winter wheat 14.6; spring wheat 12.8; oats 30.8; barley 24.6; rye 13.8; hay 1.3 tons.

The farm price per bushel of crops was given by the Department as of June 1 as follows:

All wheat \$1.06; oats 44.9c; barley 66.3c; hay 12.95 per ton; apples \$1.73 per bushel.

### WM. DESMOND TAYLOR MURDER MYSTERY

(By United Press)  
Seattle, Wash., June 9.—The William Desmond Taylor murder mystery was reopened here today by Sheriff Matt Starwick, who investigated a robbery motive.

Taylor, a motion-picture director, was slain in his Hollywood home where he was afterward found. Starwick said he had been given information that the director was not slain by a jealous woman or drug ring agents, but by a group of five underworld men, who obtained more than \$200,000 in cash and jewels.

A Texas stockman was named as the man who was offered the jewels that were believed to have been Taylor's. A diamond ring was included in the jewels. The diamond was said to have been among the jewels offered to the Texan.

Taylor was found dead in his apartment February 21, 1923.

### ENGLISH PRINCESS DIED IN LONDON

(By United Press)  
London, June 9.—Princess Christina died here this morning, after a brief illness, from heart disease. She was 79 years old, and was first stricken while recovering from an attack of influenza.

Princess Christina was a daughter of Queen Victoria. In 1866 she married Prince Christian, of Schleswig-Holstein. She had four children.

The eldest son, Victor, died in South Africa during the Boer war. Another son, Prince Albert, long before the war adopted the German nationality and served on that side during the world conflict.

### MEXICAN BANDITS EMULATING CHINESE

(By United Press)  
Mexico City, June 9.—Mexican bandits wrecked a passenger train near Pueblo last night, causing the death of a number of passengers, according to a dispatch to the newspaper Excelsior today.

The brigands placed rocks on the tracks about 20 kilometers from Pueblo, causing the engine to jump the rails. No traces of the robbers have been found. Troops are pursuing the brigands. It is not known whether there were any foreigners aboard the train, which was enroute from Jalapa.

### BRINGS BACK OLD DAYS NON-PARTY CONTROL IN N. D.

#### HEARING IN ST. PAUL DISTRICT COURT OF JUDGE J. C. MICHAEL

#### ACTION OF F. A. PIKE VS THE BANK OF NORTH DAKOTA THRESHED OUT

(By United Press)  
St. Paul, June 9.—The days when the Nonpartisan league had control in political affairs were recalled in North Dakota today in a hearing before Judge J. C. Michael in district court.

The hearing was in connection with an action brought by F. A. Pike, St. Paul attorney, against the Bank of North Dakota, for \$10,000, alleged to have been due him as dues for his professional services as attorney in 1919.

In affidavits filed today in answer to affidavits of George J. Schafer, present attorney general of North Dakota, and Sven Johnson, present supreme court justice for N. D. and former attorney-general, Mr. Pike pointed out that the money was due him because of the action of the North Dakota legislature during the Non-partisan league regime.

Mr. Pike, in his affidavit, asserted he was retained by the defendant to render professional services as attorney in certain matters of litigation and procedure in framing bills for the United States supreme court and the United States district for North Dakota.

Mr. Pike asserted his services were worth \$15,000, but the defendant has refused to pay but \$5,000.

Mr. Pike asserted in his affidavit that he was of considerable service to North Dakota legislature in the so-called industrial program of the state of North Dakota.

He helped, he asserted, in framing the Industrial Commission Act, the Bank of North Dakota Act, the Bonding Act, Real Estate Bonding Act, Mill and Elevator Bonding Act. Mr. Pike asserted he was called down to Bismarck and it required considerable of his time so that these bills would be held valid against litigation or in the supreme court.

He asserted he was requested to come to Bismarck in answer to a call from Governor Lynn J. Frazier and John J. Hagen, commissioner of agriculture, who constituted a majority of the commission making him attorney. He asserted he was employed by the Industrial commission to see that the banking act was valid and to defend the bank of North Dakota in its right to exist and to serve the public.

Judge Michael continued the hearing until June 30 and ordered the defendants to file additional affidavits and instructed Mr. Pike to serve his answering affidavits before the next hearing.

### NEEDS NEW SENSE OF BROTHERHOOD

Wilmington, Del., June 9.—A new feeling of brotherhood throughout the country must be brought about, President Harding said here today.

In a brief speech to the Young Men's Republican club, which gave a meeting in his honor, the president set forth his views that, in his opinion, universal brotherhood is the greatest thing in the world. America has a part to play in bringing it about, Mr. Harding said.

The president violated his expressed intention of not making a speech when he was enthusiastically cheered after an address of welcome by Mayor Roy Harvey of Wilmington.

### MORE TROUBLE FOR STOCK BROKERS

New York, June 9.—A petition in bankruptcy was filed against two more stock brokerage houses today.

### BRITISH MILITARY FORCES ENTERED DUSSELDORF IN RUHR

(By United Press)  
Berlin, June 9.—British military forces have entered Dusseldorf, in the Ruhr valley. It was stated in advices received here today.

A section of artillery and infantry was reported as having arrived in the industrial center, which has been in the hands of the French occupational troops since the Ruhr was first seized.

### GERMANY TO CONTINUE PASSIVE RESISTANCE PLAN

Berlin, June 9.—Germany will continue her policy of passive resistance in the Ruhr valley unabated.

This is the answer of Chancellor Cuno to the French demand that Germany first abandon her Ruhr policy before any reparations solution will be discussed. It was expressed today in an address to French representatives at Munster.

The policy of passive resistance against the French occupation must continue, he said.

In Paris, Premier Poincare stated on receipt of the new German reparations offer that no effort could be made to solve the reparations problem until Germany abandons her stand.

### BUSINESS WOMEN OF STATE CONVENE AT ALBERT LEA

#### MINNEAPOLIS DELEGATES OUT TO PUT ELIZABETH DOAK IN PRESIDENT'S CHAIR

#### ADDITION OF THREE CLUBS AND INDIVIDUAL MEMBERS SHOWN IN COMMITTEE REPORTS

BRAINERD BUSINESS & PROFESSIONAL WOMAN'S club delegates are the Misses Mary and Elizabeth Walsh, who motored from Duluth to Albert Lea to attend the convention. Miss Mary Walsh will take part in the discussion on "Club Mechanics."

BRAINERD is supporting the candidacy of Miss Doak, a business woman employed in the Stevens apparel shop of Minneapolis.

Albert Lea, June 9.—Welcomed by Albert Lea's battle cry of "20,000 population by 1938," and serenaded by 150 girls before breakfast, Minnesota business and professional women took possession of Albert Lea for the opening of the state convention, prepared for two days of fun mixed with business.

Headquarters reported a registration of 100 with scores of women coming in from Austin, Owatonna, Rochester, Winona, Wells and the twin cities. Armbands proclaiming "Doak for President," worn by Minneapolis delegates and sought by many others, indicated early in the convention that the Minneapolis candidate, Miss Elizabeth Doak, would be in the running when the votes were counted today.

#### Legislation Cited

Worthwhile legislation of importance to women, won in the 1922 session of the Minnesota legislature, was cited in a comprehensive report by Miss Maude B. Davis, chairman of the legislative committee. Miss Davis, who is assistant secretary of the state board of control, is candidate for president of the federation.

The report listed the accomplishments of the 67th congress.

Financing of girls through business college, lectures and study on educational matters to carry out the national federation's aims of a high school education as a minimum standard for business girls indicate that Minnesota business women are tackling the problem effectively the report of Miss Edythe Jenks national vice president for Minnesota and

### ACCOMMODATED AT THE NEW TOURIST PARK NEAR BRIDGE

#### TOURISTS ARE LOUD IN THEIR PRAISES OF ACCOMMODATIONS ACCORDED THEM

#### MUCH TIME AND EFFORT SPENT TO MAKE THE GROUNDS ATTRACTIVE FOR THEM

Seventy parties of tourists have been accommodated at the Brainerd tourist camp site since it was opened for the 1923 season, May 3rd. They come from far and near, and in every case, have been loud in their praise of the welcome accorded them in this city and the conveniences they enjoyed at the local camp grounds.

These grounds are worthy of all the praise that can be given them, and the committee in charge of the improvements there, headed by Carl Wright, are to be commended for their splendid work.

Much time and effort has been given to make the tourists' visit in Brainerd pleasant and comfortable. New tables equipped with awnings have been set up on the grounds, and on each is a two-burner gas plate, the gas furnished free to the tourists. Running water and electric light complete the equipment.

A stove has been placed in the caretakers house which heats the water for the shower baths, a feature which is much appreciated by the tired traveler when he arrives. Toilets with modern plumbing and shower baths, for both men and women, are arranged in stucco houses near the river.

A large signboard has been placed at the east approach to the river bridge on Laurel street directing the way to the camp site and welcoming the tourists to the city. The sign is plainly visible for several blocks. It has white lettering on a blue background.

Following is given the list of visitors who have registered at the camp since May 3rd:

Mr. and Mrs. E. E. James, Overbeck, Kansas.

Mr. and Mrs. Barber, Overbeck, Kansas.

Mr. and Mrs. A. W. Pinfell, Minneapolis.

### 2 POWER BODIES ARE IN DISPUTE

Washington, June 9.—Settlement of a dispute between the Little Falls Power Company and the Pike Rapids Power Company over rights to development project on the upper Mississippi will be deferred until after President Harding returns from Alaska. A. A. Merrill, secretary of the Federal Water Power Commission, said today.

Merrill said two representatives of the Power Commission will accompany Mr. Harding to Alaska, thus causing postponement of the decision until some time late in August. There will be no further hearings, Merrill said. Both sides of the case were heard before the commission this week.

The Little Falls Power Company has a plant at Little Falls, Minn., and desires to construct a big development project. It owns 20 per cent of the land involved. The Pike Rapids company owns 80 per cent of the land. The latter once issued the rights to the Little Falls company but later rescinded the order.

### MAKES LIVING TORCH OF HERSELF

Fargo, N. D., June 9.—Saturating her clothes with kerosene, Mrs. H. Kepler, 47, is believed to have committed suicide. She died today.

Neighbors who rushed to her aid yesterday found her a human torch. They ran to her assistance and extinguished the flames, but not before she was fatally burned.

The coroner said no inquest was necessary. Mrs. Kepler is said to have been suffering from a fit of melancholy. Her husband was district superintendent of mineral facilities.

### CARRIES BODY OF WOMAN HE KILLED, ABOUT NEW YORK

#### FILIPINO BUTLER CONFESSES TO POLICE AWFUL CRIME COMMITTED

#### STRANGLER NURSE, MRS. BLOSSOM MARTIN, IN HOME BOTH WERE EMPLOYED

(By United Press)  
New York, June 9.—"I choked her for half an hour; then she was dead." In these words Eluigo Lozade, a Filipino, today confessed to the murder of Mrs. Blossom Martin, a nurse, according to police at the West Brighton station.

Lozade was arrested about 2 a. m., endeavoring to drop the body of a woman wrapped in brown paper and tied with cord over the rail of a ferry boat at Arlington, Staten Island.

He carried the body about with him for hours after the crime, riding in taxicabs and on ferry boats through crowds of New Yorkers, many of whom stopped to look curiously at the short, squat little man struggling with the big bundle.

Lozade, police said, confessed that he strangled the nurse in the basement of an uptown New York apartment house where she lived. The Filipino was a butler employed by Dr. George B. McAuliffe, who resided in a fashionable neighborhood just off Central Park. It was there that he met Mrs. Martin, who was a trained nurse on the doctor's staff.

The body, fully clothed, was doubled up, trussed with clothes rope, wrapped in a blue curtain and covered with brown paper, the whole held together with heavy cord. Carrying this bundle, which weighed 140 pounds, the man—who weighs about 120—entered taxicabs, drove through New York theatre crowds to the Battery, where he boarded a ferryboat for Staten Island. The taxicab driver offered to help him carry his bundle aboard but the Filipino refused.

The spectacle of the little man wrestling with the big package attracted so much attention from passers on the boat that Lozade had no chance to dispose of the body. He entered another taxicab at St. George, Staten Island, and drove to Arlington, where he boarded a ferry once more. This time the chauffeur also offered to help carry the awkward bundle wrapped in brown paper. In doing so the chauffeur felt badly heat through the wrapping, and he realized that the bundle was limp and soft. He hastened to inform Police Sergeant John Miller. As Miller ran aboard the boat, the Filipino raised the bundle to the rail to shove it into the water, but was quickly seized by the police sergeant. Sergeant Miller opened the package and exposed the blond head of a young girl, with red marks of strangulation on her throat.

Lozade looked calmly at the distorted face. "Night owls" in the ferry house paled and backed away. Rushed to a police station, the Filipino at first refused to talk at all; then, little by little, fragments of the story were obtained. He was unmoved as the body was unwrapped and straightened out.

Dr. George Ford, medical examiner, was to perform an autopsy on the body today. Lozade will be arraigned in New York. A preliminary examination, according to physicians, showed that the throat of the corpse was red with finger marks. The body was covered with bruises, in silent testimony to the desperate fight the girl made to save her life.

Lozade's affection for the nurse had been known to the McAuliffe family for some time, but it was regarded there rather in the light of an amusing domestic incident. It was expected the Filipino would drop his suit as soon as he was convinced it was hopeless.

### BRINGS BACK OLD DAYS NON-PARTY CONTROL IN N. D.

#### HEARING IN ST. PAUL DISTRICT COURT OF JUDGE J. C. MICHAEL

#### ACTION OF F. A. PIKE VS THE BANK OF NORTH DAKOTA THRESHED OUT

(By United Press)  
St. Paul, June 9.—The days when the Nonpartisan league had control in political affairs were recalled in North Dakota today in a hearing before Judge J. C. Michael in district court.

The hearing was in connection with an action brought by F. A. Pike, St. Paul attorney, against the Bank of North Dakota, for \$10,000, alleged to have been due him as dues for his professional services as attorney in 1919.

In affidavits filed today in answer to affidavits of George J. Schaffer, present attorney general of North Dakota, and Sven Johnson, present supreme court justice for N. D. and former attorney-general, Mr. Pike pointed out that the money was due him because of the action of the North Dakota legislature during the Nonpartisan league regime.

Mr. Pike, in his affidavit, asserted he was retained by the defendant to render professional services as attorney in certain matters of litigation and procedure in framing bills for the United States supreme court and the United States district for North Dakota.

Mr. Pike asserted his services were worth \$15,000, but the defendant has refused to pay but \$5,000.

Mr. Pike asserted in his affidavit that he was of considerable service to North Dakota legislature in the so-called industrial program of the state of North Dakota.

He helped, he asserted, in framing the Industrial Commission Act, the Bank of North Dakota Act, the Bonding Act, Real Estate Bonding Act, Mill and Elevator Bonding Act. Mr. Pike asserted he was called down to Bismarck and it required considerable of his time so that these bills would be held valid against litigation or in the supreme court.

He asserted he was requested to come to Bismarck in answer to a call from Governor Lynn J. Frazier and John J. Hagen, commissioner of agriculture, who constituted a majority of the commission making him attorney. He asserted he was employed by the Industrial commission to see that the banking act was valid and to defend the bank of North Dakota in its right to exist and to serve the public.

Judge Michael continued the hearing until June 30 and ordered the defendants to file additional affidavits and instructed Mr. Pike to serve his answering affidavits before the next hearing.

#### MINNEAPOLIS DELEGATES OUT TO PUT ELIZABETH DOAK IN PRESIDENT'S CHAIR

#### ADDITION OF THREE CLUBS AND INDIVIDUAL MEMBERS SHOWN IN COMMITTEE REPORTS

BRAINERD BUSINESS & PROFESSIONAL WOMAN'S CLUB delegates are the Misses Mary and Elizabeth Walsh, who motored from Duluth to Albert Lea to attend the convention. Miss Mary Walsh will take part in the discussion on "Club Mechanics".

BRAINERD is supporting the candidacy of Miss Doak, a business woman employed in the Stevens apparel shop of Minneapolis.

Albert Lea, June 9.—Welcomed by Albert Lea's battle cry of "20,000 population by 1928," and serenaded by 150 girls before breakfast, Minnesota business and professional women took possession of Albert Lea for the opening of the state convention, prepared for two days of fun mixed with business.

Headquarters reported a registration of 100 with scores of women coming in from Austin, Owatonna, Rochester, Winona, Wells and the twin cities. Armbands proclaiming "Doak for President," worn by Minneapolis delegates and sought by many others, indicated early in the convention that the Minneapolis candidate, Miss Elizabeth Doak, would be in the running when the votes were counted today.

#### Legislation Cited

Worthwhile legislation of importance to women, won in the 1922 session of the Minnesota legislature, was cited in a comprehensive report by Miss Maude B. Davis, chairman of the legislative committee. Miss Davis, who is assistant secretary of the state board of control, is candidate for president of the federation.

The report listed the accomplishments of the 67th congress.

Financing of girls through business college, lectures and study on educational matters to carry out the national federation's aims of a high school education as a minimum standard for business girls indicate that Minnesota business women are tackling the problem effectively the report of Miss Edythe Jenks national vice president for Minnesota and

### ACCOMMODATED AT THE NEW TOURIST PARK NEAR BRIDGE

#### TOURISTS ARE LOUD IN THEIR PRAISES OF ACCOMMODATIONS ACCORDED THEM

#### MUCH TIME AND EFFORT SPENT TO MAKE THE GROUNDS ATTRACTIVE FOR THEM

Seventy parties of tourists have been accommodated at the Brainerd tourist camp site since it was opened for the 1923 season, May 3rd. They come from far and near, and in every case, have been loud in their praise of the welcome accorded them in this city and the conveniences they enjoyed at the local camp grounds.

These grounds are worthy of all the praise that can be given them, and the committee in charge of the improvements there, headed by Carl Wright, are to be commended for their splendid work.

Much time and effort has been given to make the tourists' visit in Brainerd pleasant and comfortable. New tables equipped with awnings have been set up on the grounds, and on each is a two-burner gas plate, the gas furnished free to the tourists. Running water and electric light complete the equipment.

A stove has been placed in the caretakers house which heats the water for the shower baths, a feature which is much appreciated by the tired traveler when he arrives. Toilets with modern plumbing and shower baths, for both men and women, are arranged in stucco houses near the river.

A large signboard has been placed at the east approach to the river bridge on Laurel street directing the way to the camp site and welcoming the tourists to the city. The sign is plainly visible for several blocks. It has white lettering on a blue background.

Following is given the list of visitors who have registered at the camp since May 3rd:

Mr. and Mrs. E. E. James, Overbeck, Kansas.  
Mr. and Mrs. Barber, Overbeck, Kansas.

Mr. and Mrs. A. W. Pinfell, Minneapolis.

### 2 POWER BODIES ARE IN DISPUTE

Washington, June 9.—Settlement of a dispute between the Little Falls Power Company and the Pike Rapids Power Company over rights to development project on the upper Mississippi will be deferred until after President Harding returns from Alaska. A. A. Merrill, secretary of the Federal Water Power Commission, said today.

Merrill said two representatives of the Power Commission will accompany Mr. Harding to Alaska, thus causing postponement of the decision until some time late in August. There will be no further hearings, Merrill said. Both sides of the case were heard before the commission this week.

The Little Falls Power Company has a plant at Little Falls, Minn., and desires to construct a big development project. It owns 20 per cent of the land involved. The Pike Rapids company owns 80 per cent of the land. The latter once issued the rights to the Little Falls company but later rescinded the order.

### MAKES LIVING TORCH OF HERSELF

Fargo, N. D., June 9.—Saturating her clothes with kerosene, Mrs. H. Kepler, 47, is believed to have committed suicide. She died today.

Neighbors who rushed to her aid yesterday found her a human torch. They ran to her assistance and extinguished the flames, but not before she was fatally burned.

The coroner said no inquest was necessary. Mrs. Kepler is said to have been suffering from a fit of melancholy. Her husband was district superintendent of mineral facilities.

### CARRIES BODY OF WOMAN HE KILLED, ABOUT NEW YORK

#### FILIPINO BUTLER CONFESSES TO POLICE AWFUL CRIME COMMITTED

#### STRANGLED NURSE, MRS. BLOSSOM MARTIN, IN HOME BOTH WERE EMPLOYED

(By United Press)  
New York, June 9.—"I choked her for half an hour; then she was dead." In these words Eluigo Lozade, a Filipino, today confessed to the murder of Mrs. Blossom Martin, a nurse, according to police at the West Brighton station.

Lozade was arrested about 2 a. m., endeavoring to drop the body of a woman wrapped in brown paper and tied with cord over the rail of a ferry boat at Arlington, Staten Island.

He carried the body about with him for hours after the crime, riding in taxicabs and on ferry boats through crowds of New Yorkers, many of whom stopped to look curiously at the short, squat little man struggling with the big bundle.

Lozade, police said, confessed that he strangled the nurse in the basement of an uptown New York apartment house where she lived. The Filipino was a butler employed by Dr. George B. McAuliffe, who resided in a fashionable neighborhood just off Central Park. It was there that he met Mrs. Martin, who was a trained nurse on the doctors's staff.

The body, fully clothed, was doubled up, trussed with clothes rope, wrapped in a blue curtain and covered with brown paper, the whole held together with heavy cord. Carrying this bundle, which weighed 140 pounds, the man—who weighs about 120—entered taxicabs, drove through New York theatre crowds to the Battery, where he boarded a ferryboat for Staten Island. The taxicab driver offered to help him carry his bundle aboard but the Filipino refused.

The spectacle of the little man wrestling with the big package attracted so much attention from passengers on the boat that Lozade had no chance to dispose of the body. He entered another taxicab at St. George, Staten Island, and drove to Arlington, where he boarded a ferry once more. This time the chauffeur also offered to help carry the awkward bundle wrapped in brown paper. In doing so the chauffeur felt bodily heat through the wrapping, and he realized that the bundle was limp and soft. He hastened to inform Police Sergeant John Miller. As Miller ran aboard the boat, the Filipino raised the bundle to the rail to shove it into the water, but was quickly seized by the police sergeant. Sergeant Miller opened the package and exposed the blond head of a young girl, with red marks of strangulation on her throat.

Lozade looked calmly at the distorted face. "Night owls" in the ferry house paled and backed away. Rushed to a police station, the Filipino at first refused to talk at all; then, little by little, fragments of the story were obtained. He was unmoved as the body was unwrapped and straightened out.

Dr. George Ford, medical examiner, was to perform an autopsy on the body today. Lozade will be arraigned in New York. A preliminary examination, according to physicians, showed that the throat of the corpse was red with finger marks. The body was covered with bruises, in silent testimony to the desperate fight the girl made to save her life.

Lozade's affection for the nurse had been known to the McAuliffe family for some time, but it was regarded there rather in the light of an amusing domestic incident. It was expected the Filipino would drop his suit as soon as he was convinced it was hopeless.

In childhood, we look upon life wistfully, in youth, hopefully, in early manhood resolutely, but, when the aches and pains of middle life come creeping in to our joints, we become skeptical, cross and irritable.

Chiropractic Adjustments will keep you fresh and fit from childhood to old age. Keep your spine in proper alignment and you will be a power for yourself and a great asset for your community.

The blind congressman is a gifted orator and presented his cause in vigorous manner.

## Brainerd Man Arrested After Auto Collision

Philip Rudeck of Brainerd was arrested by Motorcycle Patrolman Miles Packard of Royalton on the paved highway between Royalton and this city after he had driven his car into another which, it is said by a local person who witnessed the accident, had pulled over to the very edge of the pavement to avoid the collision. Rudeck had been visiting at Royalton and was enroute to his home.

He was supposed to have been arraigned in justice court at Royalton but the outcome of the case has not been learned.—Little Falls Daily Transcript.

Young Lady of Family Writes From Frontenac For Information

One of the county officials handed the following letter to the Dispatch for publication, with the hope that someone may be able to give information concerning the parties mentioned therein:

"Dear Sir: Are there any people living anywhere in your county by these names: Mr. or Mrs. Thomas McQuirk or Eliza McQuirk?"

"My father was born in Massachusetts, in January, 1840. My mother was born in Ireland in December, 1869, and my sister, Eliza was born in Minnesota, October 19th, 1896.

"The last that I heard of them was in 1900. My mother's name before her marriage was Miss Mary Watson. If you learn anything about these relatives please send their address to me."

## PENALTIES PROVIDED

New Law Effective July 1 Concerns Delayed Registration of Cars

Secretary of State Mike Holm has issued the following warning to automobile owners who have delayed registration and gives the penalty attached under the new law which becomes effective on July 1st.

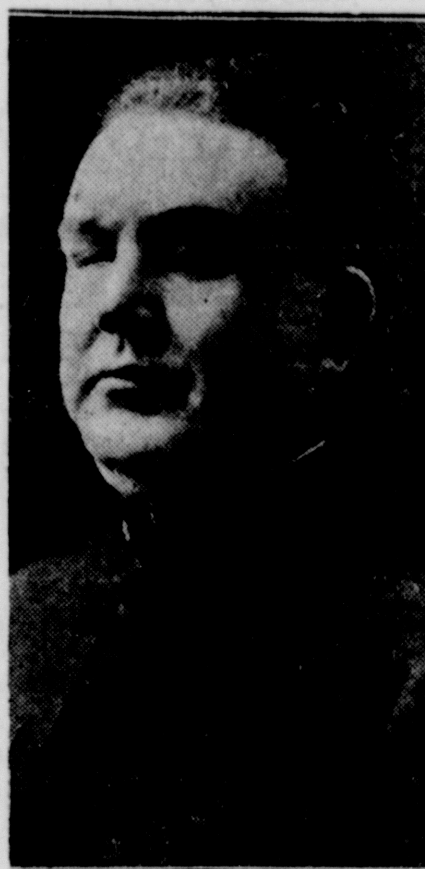

"The new registration law that becomes effective July 1st, 1923, leaves the registrar absolutely no discretion as to penalties."

"Transfers must be made within three days. Rewestrations also must be made within three days after the car becomes subject to tax."

"The penalty for delay in either case is 25c per day for twenty days and \$2 per month thereafter for not to exceed five months. This means a possible penalty of \$15 for delayed transfer and \$15 for delayed registration with no power to waive either under any circumstances."

"Under the new law I can waive no penalties. Be sure that all transfers are made before penalties apply."

## ENVOY JEFFERY CONDUCTING MEETING

**"BRAINERD'S HALF CENTURY"**  
Book of Ingolf Dillan Secures Considerable Publicity in Various Mediums

The book of Ingolf Dillan entitled "Brainerd's Half-Century" has secured considerable publicity even before being issued from the press. Excerpts and pictures, writes Mr. Dillan, will appear in the Minneapolis Journal of Sunday, June 17. The University of Minnesota Daily and the Alumni Weekly published a review of the book. These papers of the University have a large circulation throughout the state and northwest.

The book, says Mr. Dillan, will be on sale in the stores of Brainerd beginning Friday, June 15. Mr. Dillan claims it is the first history written of Brainerd and that it promises to be widely distributed, not only to the majority of the homes in Brainerd, but to hundreds of outside residents as well. The advance order sale has been heavy.

## DRINK WATER FREELY IF KIDNEYS BOTHER

Also Take Salts if Back Hurts or Bladder Troubles You

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritat-

ing acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—Advt.

## PENALTIES PROVIDED

New Law Effective July 1 Concerns Delayed Registration of Cars

Secretary of State Mike Holm has issued the following warning to automobile owners who have delayed registration and gives the penalty attached under the new law which becomes effective on July 1st.

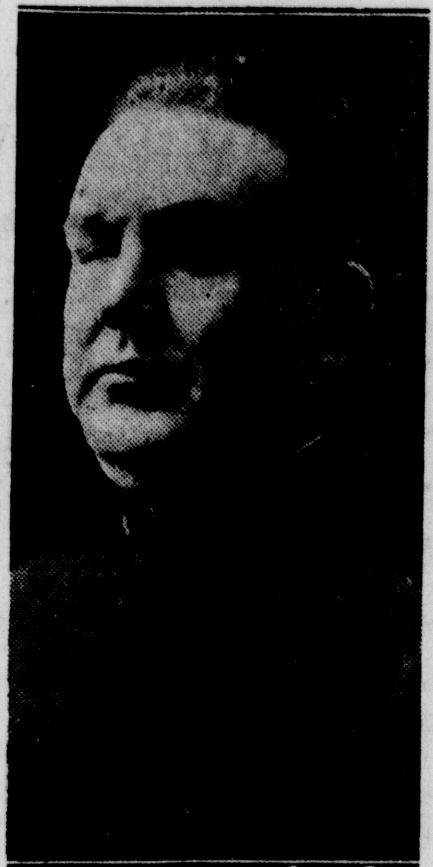

"The new registration law that becomes effective July 1st, 1923, leaves the registrar absolutely no discretion as to penalties."

"Transfers must be made within three days. Rewistrations also must be made within three days after the car becomes subject to tax."

"The penalty for delay in either case is 25c per day for twenty days and \$2 per month thereafter for not to exceed five months. This means a possible penalty of \$15 for delayed transfer and \$15 for delayed registration with no power to waive either under any circumstances."

"Under the new law I can waive no penalties. Be sure that all transfers are made before penalties apply."

## "BRAINERD'S HALF CENTURY"

Book of Ingolf Dillan Secures Considerable Publicity in Various Mediums

The book of Ingolf Dillan entitled "Brainerd's Half-Century" has secured considerable publicity even before being issued from the press. Excerpts and pictures, writes Mr. Dillan, will appear in the "Minneapolis Journal of Sunday, June 17. The University of Minnesota Daily and the Alumni Weekly published a review of the book. These papers of the University have a large circulation throughout the state and northwest.

The book, says Mr. Dillan, will be on sale in the stores of Brainerd beginning Friday, June 15. Mr. Dillan claims it is the first history written of Brainerd and that it promises to be widely distributed, not only to the majority of the homes in Brainerd, but to hundreds of outside residents as well. The advance order sale has been heavy.

## DRINK WATER FREELY IF KIDNEYS BOTHER

Also Take Salts if Back Hurts or Bladder Troubles You

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weaken; then you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritat-

ing acids; to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here. Take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; cannot injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year.—Advt.

## FRANCE DEMANDS MORE THAN MONEY

THE Ruhr invasion is without justification except insofar as it is a means of securing legitimate ends. There are statesmen who affirm that it was never justified and that France had no sanction either in the provisions of the treaty of Versailles or in international law for sending troops into German territory.

Waiving the question of the French right to invade German territory without the sanction of the nations that were allied with her in the war, the question of the conditions on which France will get out still remains. The reason offered for the invasion was Germany's failure to live up to the terms of the treaty of Versailles and to make payments fixed by the commission appointed, within the provisions of the treaty, to determine the amount of reparations to be paid by Germany.

Germany has not paid, and in her offers to the allies the German government has fallen short of what might be considered a reasonable basis for settlement. However, the last offer is of a different character. In that offer Germany expresses readiness to pay reparations fixed by a conference of the allies. To raise the funds needed she will pledge her industries and railroads and by other means seek to fulfill her obligations, which, in this offer, she recognizes.

According to advices from Paris, France is not willing to allow the allies to interfere in this matter. France must have the whole right to decide what the amount of reparations shall be, but that is not all, France insists that the German people must cease their passive resistance in the Ruhr before France will consider any proposals made by the German government. France is asking more than money, France is asking a full control of the industries of the Ruhr valley, a strangle hold upon German industries which would add to her military strength the power of an economic weapon.

France is not satisfied to have the German people showing evidences of national spirit, the enemy was not completely crushed in the war and France would have the spirit of the German people crushed years after the war ended. Psychologically the French policy is just as foolish as the political shortsightedness of the German government. Germany did not expect that France would send armed forces into her territory but believed that the allies would restrain her. In this Germany was mistaken. France believes that if the German spirit is crushed there will be less danger of invasion of her borders by the German people in the future.

Not by such methods will Europe come into a better day. When the temper of a people demands the utter subjection of another people, and insists not only on reparations which are right but upon a subjection of spirit that is not right and is not justified, that people is sowing to the wind and will reap the whirlwind. France cannot permanently keep 60,000,000 in subjection, and the best time for reconciliation lies in the present.

France has not revealed any serious concern over the matter of her indebtedness to the United States, but this country is not putting on the screws. There is always reason to fear that a nation that refuses to confer with other nations upon a matter of international importance has something to conceal. The allies saved France, and the time may come when France will not be strong enough to go it alone. France's present aloofness hinders European restoration and imperils French security. The temper that demands the subjection of spirit of the German people is a temper that leads to national strife.

## INDUSTRIALIZING THE NORTHWEST

AFTER all the evidence had been submitted the federal power commission granted a 50 year franchise to the Ford Motor company. This marks the dawn of an era of industrial development in the Northwest. Henry Ford is a pace-maker and whatever he does attracts wide interest. The fact that he has determined to manufacture the Ford vehicles in the Northwest will lead to interest in this territory as a manufacturing center, and this will bring manufacturing into closer proximity with agriculture.

If methods for using the untold quantities of peat are perfected it is possible that the smelting of iron ore may be done nearer the mines from which the ore is taken. The concentration of the iron industry in eastern centers may end as the decentralizing of industry becomes more practical.

There is every reason why the iron industry should develop in territory situated near the large, iron producing centers, and if this comes to pass a larger market for agricultural produce will be built up in the Northwest. This would result in a great saving in the transportation of ore and farm products and would make for the stabilizing of the agricultural interests of this territory.

The coming of the Ford Motor company to the Northwest, marking as it does a policy of decentralizing industry, may be the precursor of large industrial developments in a part of the United States that has been in the past predominantly agricultural.

WHEN every farm has its radio, milking may be done on schedule and a city crier may determine the number of strokes to the minute.

J. A. O. and J. A. A. are the initials of two of the candidates in the primary election. In this case we predict that the "ayes" will not have it.

THE republican party in Minnesota is split many ways at present and if ever party loyalty was needed it is right now.

## 5 TRUNK HIGHWAY BRIDGE AWARDS

St. Paul, June 9.—Awards of five Minnesota trunk highway bridge contracts on the lowest bids were announced today by J. T. Ellison, assistant commissioner and chief bridge engineer, in the absence of Charles M. Babcock, state highway commis-

sioner, who is in Washington of official business.

W. O. James, Minneapolis, was awarded three new bridge and one repair contracts on the lowest of seven bids on each. The new projects and bids are: Trunk Highway No. 11, east of Ray, 40 foot bridge at \$2,765, and west of Ericsburg, 75 foot bridge at \$2,808, and T. H. No.

35, south of Tower, 30 foot bridge at \$2,707. Mr. James will lower the bridge on T. H. No. 6 in Breckenridge 2 1/2 feet and refloor and repaint the structure for \$2,707.

The Illinois Steel Bridge Co., St. Paul, will repair the bridge on T. H. 19 in Brainerd for \$1,844 under the last award. This work was started today by a crew which has finished work on a bridge in St. Cloud. Operations on the other contracts are to start this month and to be pushed to completion.

## TRUNK HIGHWAYS IN GOOD SHAPE

St. Paul, June 9.—Minnesota trunk highways, marked with official numbers on yellow stars, are rated in good condition in general in the bulletin issued today by the state highway department.

Patrolmen and other maintenance forces have finished early summer work and are ready to battle to keep the trunk routes smooth under the grind of a record season of highway travel. Highway engineers assert, however, that the heavy traffic sections which are not paved are in better condition now than they will be again this season because they cannot be kept up with gravel.

The bulletin as it refers to roads in the Brainerd Lake Region reports as follows:

"The most important factor in our progress has been publicity," Miss Jenks declared. A number of the clubs obtained valuable publicity through local papers on the importance of the federations drive for better education.

"The Austin club offered the most constructive work. Two girls were financed through a business course and a scholarship fund is being created to promote the better trained business woman. Brainerd has urged the need of keeping girls in school, through speakers at various public meetings."

There is every reason why the iron industry should develop in territory situated near the large, iron producing centers, and if this comes to pass a larger market for agricultural produce will be built up in the Northwest. This would result in a great saving in the transportation of ore and farm products and would make for the stabilizing of the agricultural interests of this territory.

The coming of the Ford Motor company to the Northwest, marking as it does a policy of decentralizing industry, may be the precursor of large industrial developments in a part of the United States that has been in the past predominantly agricultural.

WHEN every farm has its radio, milking may be done on schedule and a city crier may determine the number of strokes to the minute.

J. A. O. and J. A. A. are the initials of two of the candidates in the primary election. In this case we predict that the "ayes" will not have it.

THE republican party in Minnesota is split many ways at present and if ever party loyalty was needed it is right now.

## 5 TRUNK HIGHWAY BRIDGE AWARDS

St. Paul, June 9.—Awards of five Minnesota trunk highway bridge contracts on the lowest bids were announced today by J. T. Ellison, assistant commissioner and chief bridge engineer, in the absence of Charles M. Babcock, state highway commis-

sioner, who is in Washington of official business.

W. O. James, Minneapolis, was awarded three new bridge and one repair contracts on the lowest of seven bids on each. The new projects and bids are: Trunk Highway No. 11, east of Ray, 40 feet bridge at \$2,765, and west of Ericsburg, 75 foot bridge at \$2,808, and T. H. No.

35, south of Tower, 30 foot bridge at \$2,707. Mr. James will lower the bridge on T. H. No. 6 in Breckenridge 2 1/4 feet and refloor and repaint the structure for \$2,707.

The Illinois Steel Bridge Co., St. Paul, will repair the bridge on T. H. 19 in Brainerd for \$1,844 under the last award. This work was started today by a crew which has finished work on a bridge in St. Cloud. Operations on the other contracts are to start this month and to be pushed to completion.

## TRUNK HIGHWAYS IN GOOD SHAPE

St. Paul, June 9.—Minnesota trunk highways, marked with official numbers on yellow stars, are rated in good condition in general in the bulletin issued today by the state highway department.

Patrolmen and other maintenance forces have finished early summer work and are ready to battle to keep the trunk routes smooth under the grind of a record season of highway travel. Highway engineers assert, however, that the heavy traffic sections which are not paved are in better condition now than they will be again this season because they cannot be kept up with gravel.

The bulletin as it refers to roads in the Brainerd Lake Region reports as follows:

No. 2—Good—Carlton to Moorhead. Carlton—good—McGregor—good—Aitkin—good—Brainerd—good—Motley—fair—Staples—good—Wadena—fair—Detroit—fair—Moorhead.

## PRESIDENT DUNN IN WELCOME

Spoke at Opening of Conference of Minnesota Surveyors and Engineers

LOUIS KNUDSEN PRESIDED

Short Responses by President C. L. Motl and Secretary E. G. Briggs

H. P. Dunn, president of the Brainerd Civic and Commerce association, made the address of welcome at the meeting of the Brainerd division of the Minnesota Surveyors and Engineers society, in session in the Farmers room at the court house Saturday morning.

Louis Knudsen, chairman of the district, presided at this meeting. Short addresses were made by C. L. Motl, president of the society and E. G. Briggs, secretary. Mr. Motl spoke of the pleasure that was his in coming to Brainerd his former home, and meeting many of his old friends.

He stated that the purpose of this meeting was to band together the surveyors and engineers of this district into a closer fellowship, and to discuss problems which are confronting the members in their work. The Brainerd district includes nine counties and is one of eight into which Minnesota is divided.

At eleven o'clock Saturday morning the delegates, some twenty-five in number, motored to Ironton, where they were guests of members of their society on the range at luncheon at the Spina hotel. In the afternoon an inspection trip of mining operations was made.

Returning to Brainerd the visitors were taken to Morrifield, where Mrs. Bronson of the Wigwam hotel served a delicious banquet, a compliment to the delegates from the Brainerd surveyors and engineers.

In the evening the delegates will motor to Rocky Point resort to enjoy a fishing trip on Sunday.

## BOY SCOUTS SUMMER CAMP

Camp Equipment and Supplies Have Just Arrived for the Local Troop

FIVE TENTS, EACH 12x14 FEET

In Sleeping Tents are Two Double-Decker Beds, Accommodating Eight Boys

Camp equipment and supplies have just arrived for the Brainerd Boy Scouts summer camp, which will be conducted during the month of July at some nearby lake.

There are five tents, each 12 feet by 14 feet, four of which will be used as sleeping quarters for the scouts and the fifth for the headquarters tent. Then there is a mess tent 16 feet by 20 feet which will accommodate thirty-two boys at meals.

In the sleeping tents are two double-decker beds, accommodating eight boys or one patrol. The plan is to take the Brainerd troops in two different camping parties of thirty-two scouts each. The first contingent will leave on Monday, July 2nd, and the other two weeks later.

Scoutmaster Harold Andrews will be in charge of each camp and will give the boys training in all branches of scout duty. While the camp site has not been definitely decided upon, Bass Point on Hubert lake is being most favorably considered. This is a very pretty spot on the west side of the lake, and south of the Blake camp for boys. It is about a mile from the Hubert station.

One of the tents as it will be equipped at the camp, is set up on the Y. M. C. A. lawn and will be in charge of the scouts who will welcome visitors. The tents are made of heavy material and will provide adequate shelter in all kinds of weather. Each has a good floor and is supplied with the proper furniture for the scouts' comfort.

Returning to Brainerd the visitors were taken to Morrifield, where Mrs. Bronson of the Wigwam hotel served a delicious banquet, a compliment to the delegates from the Brainerd surveyors and engineers.

In the evening the delegates will motor to Rocky Point resort to enjoy a fishing trip on Sunday.

## N. P. RY. CO. TO BUILD FOUNTAIN

Will Put One at Garden Spot in Vicinity of Water Tower

FIRST ONE BUILT IN 1889

Was Made According to Plans Devised by Mrs. S. R. Ainslee

The Northern Pacific Railway Company will move the fountain which formerly graced the old depot grounds, to the park which is being put in shape by the city surrounding the water tower.

This fountain was built in 1889, when S. R. Ainslee was superintendent of the Lake Superior division and was made according to plans devised by Mrs. Ainslee, his wife.

The fountain was the center of a very pretty park at that time, with winding paths and a goldfish bowl. It is understood that all of the landscape gardening was done by Mrs. Ainslee.

This lady's work will be perpetuated by the city, in moving the fountain to the new park at the west end of the old depot property, which is rapidly being brought into shape for use.

per gallon. It also produces a fine enamel-like surface, which means greater weather resistance and more thorough protection to your property.

Only the best of materials go into Gilt Edge Paint—and this is one of the many reasons why one job with Gilt Edge is equal to three jobs with ordinary paint. It goes farther, does better work and is decidedly more economical. Gilt Edge Paint is particularly adapted to the Northwest climate.

When you paint your interior walls use Gilt Edge "Vel-Vet Sheen" for a fine half-gloss finish which looks beautiful and can be washed. Then give your floors and woodwork a coat of Gilt Edge "Glazing" and you have a good job well done.

Tell your dealer it must be "Gilt Edge"

## Lemons :- Oranges :- Grape Fruit

From the heart of the world's greatest Orange Empire

In no other section of the world, do oranges, lemons and grape fruit reach the high point of perfection of those produced in California. Every condition is ideal for the production of quality fruit. Continuous sunshine and clear skies during the growing season develop the very finest flavor and generous sizes.

Remember, that, we ship direct from "Grove to Consumer" thus assuring absolutely fresh fruit full of health producing, energizing qualities.

FOUR SPECIALS  
SEND US \$2.00 AND WE WILL  
SHIP YOU DIRECT EITHER ONE  
OF THESE FOUR SPECIALS

One Crate of Oranges—Holding from ten to twelve dozen oranges according to size.

One Crate of Lemons—Holding from twelve to fifteen dozen of lemons according to size.

One Crate of Grape Fruit—Holding from three to four dozen of grape fruit according to size.

One Combination Crate—Holding four dozen oranges, four dozen lemons, and one dozen grape fruit.

Remember that fruit, with its healthful mineral salts and natural light bulk, supplies just those elements most needed to regulate the body after the long winter diet of heavier foods.

Serve fruit in some form every day. It's easily and economically obtained under our plan. CO-OPERATIVE enables you to serve the very choicest fruits—whenever you want them—at truly economical cost.

A post card addressed to Dept. "H" will bring to you an interesting booklet "Dried Fruits."

**Big Musical Treat at Lyceum**  
Patrons of the Lyceum yesterday and today are being given an unusual musical treat. A. V. Minervini who plays the piano accordion and other instruments, and "Hi" Harris on the saxophone and violin, are two clever entertainers and are receiving much favorable comment since their opening here. The boys are certainly full of "pep" and their numbers range from the most popular hits to grand opera. The feature picture on this program is James Oliver Curwood's thrilling drama of the snow country, "The Valley of Silent Men." The 5th Round of "Fighting Blood" is also on the same bill.

## BRAINERD PLAYS AT PERHAM TOMORROW

Brainerd's all home talent team, the Home Oils, go to Perham and start a battle with that club at 2:30 Sunday afternoon.

It is rumored that Perham has loaded up for the game but the local boys have been out practicing every other night the last week and Soderlund, who will do the throwing, is in the best of shape.

Brainerd plays at Cass Lake the 17th, Walker the 24th and Park Rapids the 1st of July.

## Firpo Denies He Is Afraid of Cuban Champ

Havana, June 9.—Luis Firpo, the South American heavyweight fighter, said last night in answer to a statement by a local boxing promoter that he had not declined to meet Antolin Fierro, the Cuban heavyweight champion, because he was "too dangerous," and that he would fight Fierro "any time and anywhere provided it does not interfere with arrangements I already have made."

Joe McCann, Firpo's sparring partner, said he would fight Fierro tomorrow if a match could be arranged.

## CY WILLIAMS IS OUT OF GAME

St. Louis, June 9.—Cy Williams, veteran center fielder of the Philadelphia Nationals and major league homerun batting champion this season with a total of 20, will be out of the game indefinitely as a result of wrenching his back in Thursday's game with St. Louis. It was announced today. He suffered the injury while batting in the fourth inning and was forced to retire. The injury was not considered serious, according to a physician who examined him.

A Scene from REX INGRAM'S "TRIFLING WOMEN"

## Barbara La Marr Delight in Playing Wicked Women

Barbara LaMarr, who played Antoinette de Mauban in the "adventurous" in the Rex Ingram production for Metro "The Prisoner of Zenda," is again cast in the role of a siren in Mr. Ingram's latest production, "Trifling Women," now at the Park theatre. And in playing two such wicked women, she finds a holy delight.

"There is good in it," she says, "because it brings us back to the eternal verities of good and bad. The scarlet woman of the old plays has in modern writings given place to the damsel who is pale pink or slight

ly mauve. The clear-cut distinction of black and white has been forgotten in a muddled mess of neutral color. The lady who sins is not really sinning nowadays; she is going through the throes of a 'complex.' But, in spite of all modern inquiry, good and bad are still basic things; the heroine and the adventures are still basic types. And I'm glad to play an adventures to prove it."

"Trifling Women" was written, adapted and directed by Rex Ingram. In the cast are Barbara La Marr, Ramon Novarro, Lewis Stone and Edward Connelly. John F. Seitz is credited with the photography. The production manager was Starrett Ford.

Betty Compson and Bert Lytell in the Paramount Picture "To Have and to Hold" A George Fitzmaurice Production.

**Lasky Ranch Scene of Indian Battles**  
Equal to transporting a small town from one place to another was the heigra of principal players, extras, technical staff, laborers and equipment from the Lasky studio to the Lasky ranch for scenes in the James-town street for the George Fitzmaurice production for Paramount, "To Have and to Hold," in which Betty Compson and Bert Lytell are featured, with Theodore Kosloff in the heavy role, appearing at the Lyceum Sunday.

Many vans, each containing forty or more persons, attired as settlers, Indians, colonists, etc., left the studio at an early hour. Touring cars conveyed the principals, the directorial staff and others. Great loads of lighting equipment, followed, making up a train that would have astonished the natives in the days of trekking across the plains.

Ten real Indians, to appear as members of the Powhattan tribe mingled with some 150 white men, made up to represent redskins.

## THE "WILL TO WIN" MAKES THE WINNER

By HENRY L. FARRELL  
United Press Sports Editor

New York, June 9.—No factor on the field of sport plays such a big part in making winning teams and individuals as the "will to win."

"A team that will not be beaten, cannot be beaten," hung on the walls of the Princeton club house last fall, and it inspired the Princeton football team to go through a glorious season to a championship.

There may have been better teams in the east last year than the Tigers, but there were none with more spirit and more of the will to win.

The same can be applied to Harry Greb, the former American light heavyweight champion. Boxing experts say it is his "crazy style" that enables him to beat middleweights, light heavyweights and heavyweights.

Greb cultivated his "crazy style" because he had the will to win and he hadn't the qualifications to become successful in orthodox ways.

In the sensational rush of the Philadelphia Athletics toward the pennant in the American League this spring, the most recent example of the will to win has been provided.

The Athletics were a good young ball club last season, but they lacked the spirit and the will to win. Wise old Connie Mack during the off season convinced his youngsters they could win and they went out to do it.

There is nothing as hard to beat as a young ball club which thinks it can win.

The Boston Braves of 1914 and the Cincinnati Reds of 1919 are examples.

While the Athletics are looked upon in seven American League cities as a dangerous contender, in Philadelphia they are reaching for the pennant. Philadelphia is baseball crazy. It is like Cincinnati of 1919 and Cleveland of 1920. The Athletics are looked upon as a city institution and the support of the public will not take any spirit away from the club.

The Giants and the Yankees have no such spirit behind them. New Yorkers don't care much who wins as long as they see a good ball game. The Yanks sometimes become influenced by that atmosphere, while the Giants apparently hear nothing but the voice in the dugout.

## COMMEMORATE 100TH ANNIVERSARY OF BIG RACE OF UNION COURSE

"The greatest race ever run in America," was commemorated in the churchyard of St. Paul's chapel in New York recently when a group of turfmen, including August Belmont, laid roses over the gravestone of Samuel Purdy.

One hundred years ago Purdy, an amateur jockey who was a contractor and a member of the board of aldermen, rode Eclipse to victory over Sir Henry at the Union course on Long Island in a match for \$20,000 a side. The services were arranged by Harry Worcester Smith, well known sportsman of Worcester, Mass., and were also attended by Mrs. James Teackley, great granddaughter of Purdy, and Gov. Platt, his great-great-grandson.

## New Auditorium Will Make Minneapolis Boxing Center

Minneapolis, June 9.—Minneapolis will be one of the real boxing centers of America where world championship contests will be fought, if the city decides to build its auditorium, Frank McCormick, owner of the local fight club said today in giving his reasons why the bond issue should be authorized at next Monday's election.

"At its utmost capacity the Kenwood armory, where our shows are now held, can bring in a gross return of \$6,000," he said. "St. Paul's splendid auditorium has a potential value of from \$35,000 to \$40,000 for a match. The same is true of the arenas in Milwaukee, Chicago, New Orleans, Cleveland, Kansas City and other cities of our class.

"Suppose we decided to try match Lew Tendler and Benny Leonard. We might offer the champion 30 per cent of the gate. What a laugh that would give him—a guarantee of what would amount to about \$2,400. The St. Paul club could make a similar percentage offer that would mean \$10,000 to \$12,000.

## Sixteen Year Old Star Signs With Frisco Club

San Francisco, June 9.—Eddie Montague, 16 years old, was something of a hero to his schoolmates here when it was learned he had been signed up by the San Francisco club of the Pacific Coast league "in reserve" to prevent his being appropriated by some major league club when he finishes school.

Eddie was recommended by Willie Kamm and Ed plays at Kamm's old position, third base. Eddie in his try-outs to date has been "sensational."

## SHELBY FIGHT ARENA COVERS SIX ACRES

Shelby, Mont., June 9.—Work on the Dempsey-Gibbons fight arena is being rushed. The contract calls for its completion by June 20th. The job could be finished much sooner if needed.

With the framework all up and the floor laid something of its size and details now gives the curious sight-seeing public a picture to gaze at.

Nothing was ever built in Montana or west of the Mississippi river like it. It is 1,710 feet around the eight-sided wooden bowl.

A diagonal across it at the widest place is 558 feet.

There will be 32 entrances. The gates are so arranged that no one of them will have to handle more than 2,500 people.

All the loading for the huge octagon will be either by steps or inclines. The gate number is stamped on each ticket. No one can get in the wrong aisle.

Tickets will have a triple check on them. Federal men will check them at the outer gate; aisle ushers will check them at the next gate and the section usher takes the last one.

The arena covers six acres. A high board fence enclosure around the bowl will take in thirty-three acres.

A new atmospheric angle has developed out in this Montana cow country.

The dome is that of Shelby, with an elevation of over 3,000 feet and miles from any factories which produce smoke, has the clearest air to see through of any spot in the world.

It is said that a customer sitting in a general admission seat in the Shelby bowl can see as good as a ringside-sitter in the Jersey City bowl.

Whether this is true or not is a question for a scientist to answer. It is true that the rarefied air in this section of the prairies is like crystal to smoked glass as compared to eastern atmosphere.

On clear days, looking from Shelby Heights, you can see across the Canadian line thirty miles away.

The Montana law requires that a hospital tent with 25 cots be installed near the arena. It will be in charge of a red cross nurse and attendants.

If Gibbons upsets the dope being peddled around by some of the wise-acs and stays 15 rounds on July Fourth, these same lounges will be filled with the folks that picked the round that never came around.

"At its utmost capacity the Kenwood armory, where our shows are now held, can bring in a gross return of \$6,000," he said. "St. Paul's splendid auditorium has a potential value of from \$35,000 to \$40,000 for a match. The same is true of the arenas in Milwaukee, Chicago, New Orleans, Cleveland, Kansas City and other cities of our class.

"Suppose we decided to try match Lew Tendler and Benny Leonard. We might offer the champion 30 per cent of the gate. What a laugh that would give him—a guarantee of what would amount to about \$2,400. The St. Paul club could make a similar percentage offer that would mean \$10,000 to \$12,000.

## Sixteen Year Old Star Signs With Frisco Club

San Francisco, June 9.—Eddie Montague, 16 years old, was something of a hero to his schoolmates here when it was learned he had been signed up by the San Francisco club of the Pacific Coast league "in reserve" to prevent his being appropriated by some major league club when he finishes school.

Eddie was recommended by Willie Kamm and Ed plays at Kamm's old position, third base. Eddie in his try-outs to date has been "sensational."

## SHELBY FIGHT ARENA COVERS SIX ACRES

Shelby, Mont., June 9.—Work on the Dempsey-Gibbons fight arena is being rushed. The contract calls for its completion by June 20th. The job could be finished much sooner if needed.

With the framework all up and the floor laid something of its size and details now gives the curious sight-seeing public a picture to gaze at.

Nothing was ever built in Montana or west of the Mississippi river like it. It is 1,710 feet around the eight-sided wooden bowl.

A diagonal across it at the widest place is 558 feet.

There will be 32 entrances. The gates are so arranged that no one of them will have to handle more than 2,500 people.

All the loading for the huge octagon will be either by steps or inclines.

The gate number is stamped on each ticket. No one can get in the wrong aisle.

Tickets will have a triple check on them. Federal men will check them at the outer gate; aisle ushers will check them at the next gate and the section usher takes the last one.

The arena covers six acres. A high board fence enclosure around the bowl will take in thirty-three acres.

A new atmospheric angle has developed out in this Montana cow country.

The dope is that Shelby, with an elevation of over 3,000 feet and miles from any factories which produce smoke, has the clearest air to see through of any spot in the world.

It is said that a customer sitting in a general admission seat in the Shelby bowl can see as good as a ringside-sitter in the Jersey City bowl.

Whether this is true or not is a question for a scientist to answer. It is true that the rarefied air in this section of the prairies is like crystal to smoked glass as compared to eastern atmosphere.

On clear days, looking from Shelby Heights, you can see across the Canadian line thirty miles away.

The Montana law requires that a hospital tent with 25 cots be installed near the arena. It will be in charge of a red cross nurse and attendants. If Gibbons upsets the dope being peddled around by some of the wise-ones and stays 15 rounds on July Fourth, these same lounges will be filled with the folks that picked the round that never came around.

## Duck's Peculiar Quality.

The sheldrake, unlike ducks in general, can walk on land with some amount of dignity, there being an entire absence of anything like a waddle.

## Firpo Denies He Is Afraid of Cuban Champ

Havana, June 9.—Luis Firpo, the South American heavyweight fighter, said last night in answer to a statement by a local boxing promoter that he had not declined to meet Antolin Fierro, the Cuban heavyweight champion, because he was "too dangerous," and that he would fight Fierro "any time and anywhere provided it does not interfere with arrangements I already have made."

Joe McCann, Firpo's sparring partner, said he would fight Fierro tomorrow if a match could be arranged.

## CY WILLIAMS IS OUT OF GAME

St. Louis, June 9.—Cy Williams, veteran center fielder of the Philadelphia Nationals and major league homerun batting champion this season with a total of 20, will be out of the game indefinitely as a result of wrenching his back in Thursday's game with St. Louis, it was announced today. He suffered the injury while batting in the fourth inning and was forced to retire. The injury was not considered serious, according to a physician who examined him.

A Scene from REX INGRAM'S "TRIFLING WOMEN"

## Barbara La Marr Delight in Playing Wicked Women

Barbara LaMarr, who played Antoinette de Mauban the "adventuress" in the Rex Ingram production for Metro "The Prisoner of Zenda," is again cast in the role of a siren in Mr. Ingram's latest production, "Trifling Women," now at the Park theatre. And in playing two such wicked women, she finds a holy delight.

"There is good in it," she says, "because it brings us back to the eternal verities of good and bad. The scarlet woman of the old plays has in modern writings given place to the damsel who is pale pink or slight

ly mauve. The clear-cut distinction of black and white has been forgotten in a muddled mess of neutral color. The lady who sins is not really sinning nowadays; she is going through the throes of a 'complex.' But, in spite of all modern inquiry, good and bad are still basic things; the heroine and the adventuress are still basic types. And I'm glad to play an adventuress to prove it."

"Trifling Women" was written, adapted and directed by Rex Ingram. In the cast are Barbara La Marr, Ramon Novarro, Lewis Stone and Edward Connelly. John F. Seitz is credited with the photography. The production manager was Starrett Ford.

Betty Compson and Bert Lytell in the Paramount Picture "To Have and to Hold" A George Fitzmaurice Production.

**Lasky Ranch Scene of Indian Battles**  
Equal to transporting a small town from one place to another was the heging of principal players, extras, technical staff, laborers and equipment from the Lasky studio to the Lasky ranch for scenes in the James town street for the George Fitzmaurice production for Paramount, "To Have and to Hold," in which Betty Compson and Bert Lytell are featured, with Theodore Kosloff in the heavy role, appearing at the Lyceum Sunday.

Many vans, each containing forty or more persons, attired as settlers, Indians, colonists, etc., left the studio at an early hour. Touring cars conveyed the principals, the directorial staff and others. Great loads of lighting equipment, followed, making up a train that would have astonished the natives in the days of trekking across the plains.

Ten real Indians, to appear as members of the Powhatan tribe mingled with some 150 white men, made up to represent redskins.
